Arvoisa vastaanottaja!

Kuka löytää ratkaisun Israelin ja palestiinalaisten välillä?

- Viikonlopun aikana ympäri maailmaa on järjestetty palestiinalaismielisiä mielenosoituksia, joihin on osallistunut valtavia määriä ihmisiä. Israelin tukimielenosoituksiin osallistujien määrät ovat olleet pienempiä.
- Yhdysvallat esti veto-oikeudellaan YK:n turvallisuusneuvoston päätöslauselman, jossa humanitaarinen apu olisi päässyt Gazan alueelle.
- Tulitauko olisi myös ensimmäinen askel pysäyttämään Israelin armeijan meneillään oleva yli 2 miljoonan palestiinalaisen kansanmurha piiritetyssä Gazassa, sanoi Jewish Voice for Peace, Washingtonissa.
- "Palestiinalaisten elämällä on vähemmän merkitystä kuin israelilaisten", sanoi Jordanian kuningas Abdallah II.
- Kansalaisjärjestöt kehottavat YK:ta, turvallisuusneuvostoa ja jäsenvaltioita ryhtymään toimiin naisten täysimääräisen, tasa-arvoisen, merkityksellisen ja turvallisen osallistumisen varmistamiseksi kaikilla rauhan ja turvallisuuden osa-alueilla.

**Defend Democracy Press – 20/10/2023 - Two-Thirds of American Voters Want US to Back Cease-Fire in Gaza**

...Most members of the U.S. Congress have thus far refused to support a cease-fire in Gaza as Israel's sieges and airstrikes inflict horrific damage on the occupied territory.

But according to a Data for Progress [survey](#) released Friday, the tiny fraction of Congress that has backed a cease-fire is more in line with the views of U.S. voters than the overwhelming majority of lawmakers in the House and Senate—and President Joe Biden.

The poll shows that 66% of likely voters agree that "the U.S. should call for a cease-fire and deescalation of violence in Gaza" and "leverage its close diplomatic relationship with Israel to prevent further violence and civilian deaths."...

...Vestens økonomiske hegemoni har raskt avtatt med framveksten av Kina og andre nasjoner, og derfor har G7s politiske kvelertak blitt svekket. Vestmaktene har lenge støttet folkemord mot palestinerne og israelsk kolonialisme, mens det globale sør lenge har støttet den palestinske nasjonale frigjøringskampen. Det er ikke nytt. **Internationale Politik – 18.10.2023 - Am Nullpunkt**

Wie Russlands Angriff auf die Ukraine ist auch die Eskalation in Nahost Teil eines globalen geopolitischen Wandels, für den es noch keinen Begriff gibt. Was sich bereits konstatieren lässt, ist das westliche Scheitern in der Region....

Oft ist von einer „multipolaren Welt“ die Rede, in der es keine Blöcke mehr gebe, keine westliche Vorherrschaft und keinen amerikanischen „Weltpolizisten“. Viele Mächte sehen sich in dieser neuen Welt(un)ordnung ermutigt, ihre Interessen durchzusetzen, wie es früher nur die Großen konnten. Das ist nicht per se schlecht. Von der Multipolarität erhoffen sich viele Länder des sogenannten Globalen Südens eine gerechtere globale Machtverteilung.
