18.8.2022, Nr 5

Arvoisat vastaanottajat

Toivomme hartaasti puolueetonta tiedottamista Ukrainan Zaporizhžjan ydinvoimalan tulittamisesta samoin kuin koko Ukrainan sodan tilanteesta.

Alla muutama linkki, joka sisältää aineistoa, josta ei ole paljon tiedotettu Suomessa.

Nyt kun Itämerestä ollaan, Viron puolustusministerin Hanno Pevkurin mukaan, tekemässä NATO-merta on syytä muistaa, että Itämeren alueella sijaitsee yli 20 ydinvoimalaa ja muita ydinvoimaan liittyvää laitosta.

"The world is a dangerous place to live; not because of the people who are evil, but because of the people who don't do anything about it."

"The release of atomic power has changed everything except our way of thinking ... the solution to this problem lies in the heart of mankind. If only I had known, I should have become a watchmaker."
