

MITEN MEDIA VAIKENEE KANSAINVÄLISISTÄ NEUVOTTELUISTA.

Arvoisat vastaanottajat

Maailma on nopeasti muuttumassa sotateollisuuden, voimakeinojen ja ahneuden paratiisiksi

Suomen hallitus on lupauksistaan huolimatta liittymässä NATO:on ilman Ruotsia. Saksan liittokansleri Olaf Scholz ja Japanin pääministeri Fumio Kishida pitivät ensimmäisen hallitusten välisen neuvottelukierroksen Tokiossa keskittyen erityisesti kahdenvälisen taisteluharjoitusten laajentamiseen Tyynellämerellä. Yhdysvallat laajentaa dramaattisesti sotilaallista läsnäoloaan Kiinan läheisyydessä.

Norjassa solmittu tukikohtasopimus antaa Yhdysvaltain armeijalle oikeuden käyttää voimaa siviilejä vastaan. Tanskan hallitus neuvottelee parhaillaan vastaavasta sopimuksesta Yhdysvaltain puolustusministeriön kanssa täysin salassa.

Kohta on varmasti Suomen ja Ruotsin vuoro.

Pohjoismaiden hallitukset polkevat julmasti vuosia rakennettua avointa, keskustelevaa, rauhaa tavoittelevaa yhteiskuntamallia. Media vaikenee.

GERMAN-FOREIGN-POLICY.com – 17 March 2023 - War Preparations at the Pacific

Tomorrow, German-Japanese government consultations will be held in Tokyo for the first time. Berlin intensifies the Bundeswehr's Asia-Pacific activities. Japan and USA dramatically boost the region's militarization.

For the first time ever, the German government will hold German-Japanese government consultations in Tokyo this weekend with a special focus on expanding bilateral combat exercises at the Pacific. Chancellor Olaf Scholz and six ministers, including Defense Minister Boris Pistorius, will meet for talks with their Japanese counterparts tomorrow to intensify cooperation between the two states. This comes at a time when not only Japan is embarking on a massive arms build-up, increasing its military budget by over 50 percent, and is procuring missiles and cruise missiles that can reach China. The United States as well, is dramatically expanding its military presence in the vicinity of the People's Republic, amassing its armed forces throughout the first island chain off China's coast – from Japan via Taiwan to the Philippines – and turning Australia into a sort of rear base of operations for launching eventual attacks on China....

CADTM – Campaign for the Abolition of Illegitimate Debt – 10 March, 2025 - Economist Joseph Stiglitz on How War, Covid & Climate Crisis Cause Economic Crises Around the World

As the U.N. secretary-general blasts wealthy nations for rigging the global economy for their benefit, we speak with economist Joseph Stiglitz about how war, the pandemic and the climate emergency are causing economic crises across the globe. He also says interest rate hikes by the U.S. Federal Reserve are making things worse for the Global South, as the cost of borrowing rises for many countries already struggling with debt.

Stiglitz is a Nobel Prize-winning economist, Columbia University professor and former chair of the Council of Economic Advisers. He is also currently the chief economist of the Roosevelt Institute.
