

RAUHANALOTTEITA, VENÄJÄN TALOUDESTA JA EU SUUNNITELMAT LÄNSI-AFRIKASSA

11.9.2023/ Nr 31

Arvoisa vastaanottaja!

Ukrainasta löytyy korruptoitunut eliitti, joka kerää varallisuutta hyödyntämällä sotatilannetta, pitkään jatkuvaan sotaan uupuneita miehiä ja naisia, pommien repimää elämää ja lähes tuhoutunut yhteiskunta.

Euroopan konservatiiville toimitetun ukrainalaisen mielipidetutkimuksen mukaan ukrainalaiset ovat toiveikkaita tulevaisuuden suhteen ja enemmistöllä on syvä epäluottamus Naton sotilasliiton ja Euroopan unionin motiiveja kohtaan.

Näistä asioista voitte lukea alla olevista linkeistä.

Lisäksi useissa artikkeleissa kirjoitetaan elokuun lopussa pidetystä historiallisesta BRICS- huippukokouksesta Etelä-Afrikan Johannesburgissa. BRICS vaati ylläpitämään "avointa, läpinäkyvää, oikeudenmukaista, ennustettavaa, osallistavaa, tasapuolista, syrjimätöntä ja sääntöihin perustuvaa monenvälistä kauppajärjestelmää, jonka ytimessä on Maailman kauppajärjestö (WTO)." BRICS pyrkii muuttamaan maailmanlaajuista voimatasapainoa.

YK:n elintarvikeohjelman (WFP) apulaisjohtaja sanoi hiljattain: "Niiden, joilla on nälkä tänä vuonna, täytyy nähdä nälkää ensi vuonna." YK:n järjestön käytettävissä olevat hupenevat resurssit on suunnattava kirjaimellisesti nälkäisille.

Syyskuisin terveisin

ETC – 23.8.2023 - Göran Greider: Världssvält står för dörren

"De som går hungriga i år, måste svälta nästa år." Det sa biträdande chefen för FN:s livsmedelsprogram (WFP) nyligen när han intervjuades i svensk media. Och läget är nu sådant att de som "bara" går hungriga runtom i världen inte längre kan räkna med samma hjälp – de krympande resurser som står till FN-organets förfogande måste riktas till dem som bokstavligen svälter. För 2023 riskerar uppåt 350 miljoner människor i ett 70-tal länder att få uppleva livsmedelsosäkerhet. Samtidigt krymper FN:s resurser för att möta problemen. Afghanistan, Syrien, Jemen, Haiti, delar av Afrika – i land efter land hotar nu verklig massvält.

BBC News August 22, 2023 - Ukraine war: The men who don't want to fight

Ukraine is struggling to meet its demand for soldiers. Volunteers aren't enough. The country constantly needs to replace the tens of thousands who've been killed or injured. Many more are just exhausted, after 18 months fighting off Russia's full-scale invasion. Some men though don't want to fight. Thousands have left the country, sometimes after bribing officials, and others are finding ways of dodging recruitment officers, who in turn have been accused of increasingly heavy-handed tactics.

Irish Sun – August 22, 2023 - Fallen angels from hell Scholz on critics of his Ukraine policies

...Scholz was confronted by a crowd that was calling the chancellor a "warmonger," "loser," and "liar," among other things. The chancellor parried, insisting that the "right-wing populists" stand for a "gloomy future."

Scholz went on to argue that those demanding an end to German weapon deliveries to Ukraine were not peace doves, but rather "fallen angels, that come from hell, because at the end of the day they make the case for a warmonger," - an apparent reference to Russian President Vladimir Putin...

Pressenza International Press Agency - 20.08.23 - BlackRock, the 3rd world power

When we talk about Ukraine, we immediately think of war, lives torn apart by bombs, men forcibly conscripted from teenagers to the elderly, and ultimately a failed state unable to generate welfare. and scalable development for its citizens.

But make no mistake, this is not the case for all Ukrainians. There is a corrupt elite who accumulate wealth by taking advantage of the situation. This elite, represented today by the regime of Volodymyr Zelensky, is completely foreign to national interests.
