Det nylige mellomvalget i Rochdale, en liten by i Stor-Manchester, et av Storbritannias mest utsatte områder, var imidlertid annerledes. Jordskredseieren til en radikal utenforstående fra arbeiderklassen som George Galloway – tidligere

### **AFTONBLADET – 25 februari, 2024 - Sverige har frivilligt underkastat sig USA**

*Jan Guillou*

Det ser ut som om Sverige legat i krig mot USA och förlorat. Åtminstone när man läser det senaste försvarsavtalet mellan vår regering och USA:s. Där införs amerikansk överhöghet i Sverige.

Det är förstås inte den bild som medierna förmedlat. Från Rappports bevakning erinrar jag mej bara bilder på en glad liten svensk försvarsminister och en butter jättelik amerikansk försvarsminister när de undertecknar det hemliga avtalet, som om det bara vore ännu en rutinöverenskommelse. Det är det inte. Den är unik i vår historia och obegripligt långtgående. Det handlar om total underkastelse.
