

APUA GAZAAN EI ASEITA

Arvoisa vastaanottaja!

Gazan tilanne pahenee päivä päivältä. Miksi länsimaiset päättäjät eivät toimi vaikka asiantuntijat ja ihmiset ympäri maailman vaativat sodan lopettamista?

* Kyseessä on alueen taloudelliset intressit ja Israelin toive päästä yksin taloudelliseen ja sotilaalliseen valtaan Lähi-idässä. Kahden vuoden jälkeen länsimaiset pääkaupungit kieltäytyvät edelleen nimeämästä Israelin suorittamaa joukkoteurastamista ja sen aiheuttamaa nälänhätää kansanmurhaksi. Yhdysvaltojen tuki Israelille näyttää pelottavan länsimaiset johtajat. Linkit 2 ja 10

* Global Sumud -laivaston matka kohti Gazaa saa tukea YK:n asiantuntijoilta. He sanoivat syyskuun alussa: "Kaikki yritykset estää laivueen toiminta olisivat kansainvälisen oikeuden ja humanitaaristen periaatteiden vakava loukkaus". Linkki 12

* Yhdysvaltojen senaattia ei saa kritisoida. Yhdysvaltain armeijan veteraanit Anthony Aguilar ja Josephine Guilbeau poistettiin käsirautoissa senaatin kuulemistilaisuudesta sen jälkeen, kun he olivat arvostelleet komitean jäseniä osallisuudesta Israelin kansanmurhaan Gazassa. Linkki 15

* Jokaisen ihmisen on kuunneltava Yhdistyneiden kansakuntien miehitetyn palestiinalaisalueen erityisraportoija Francesca Albanesen paljastus, mikä todellinen tilanne on Gazassa. Joidenkin tutkijoiden mukaan Gazan todellinen kuolonuhrien määrä on 680 000 (150 000 lasta). Linkki 7. KUUNTELE

* Sota on lopetettava ennen kuin antisemitismi uhkaa viattomia juutalaisia. Flensburgissa kauppias on aiheuttanut yhdellä kyltillä paheksuntaa kaupungin rajojen ulkopuolella. Linkki 1

Saksan demokratia ja talous

* Patrik Baab on saksalainen politiikan tutkija ja tiedottaja joka kysyy kirjoituksessaan: Miksi Saksa tuhoaa parlamentaarisen demokratiansa jäänteet ja hyökkää NATO:n ja sen johtavan maan, Yhdysvaltojen, johdolla uusiin sotiin tuhoisien, Saksan maaperällä 1900-luvulla alkaneiden tuhoisien sotien jälkeen? Linkki 4

Ukrainalaisia asetehtaita Tanskaan

* Tanskaan ollaan rakentamassa ukrainalaista rakettipolttoainetehdasta sekä toista aseyhtiötä, joka valmistaa tehokasta "flamingo"-ohjusta. Uuden lain myötä Tanskan puolustusministeri Troels Lund Poulsen (V) voi

poiketa laeista ja asetuksista ja estää kansalaisia valittamasta, jos esimerkiksi uusi asetehdas aiotaan rakentaa. Linkit 4, 14 ja 16

Militarisoinnin kustannukset

* IPPNW vastustaa voimakkaasti terveydenhuoltojärjestelmän militarisointia. Lääkäreiden, sairaanhoitajien ja kaikkien terveydenhuollon työntekijöiden tehtävä on edelleen potilaiden hoito – ei sotilassuunnittelun tuki, kirjoittaa Marek Voigt, IPPNW:n lehdistövastaava.
Brittiläiset ammattiliitot vaativat kumoamaan sotilasmenojen korotukset. He vaativat palkkoja ei aseita. Linkit 8 ja 11

"Never be afraid to raise your voice for honesty and truth and compassion against injustice and lying and greed. If people all over the world...would do this, it would change the earth" — William Faulkner.

RESPONSIBLE STATECRAFT – September 16, 2025 - The case for US Middle East retrenchment has never been clearer

Israel's recent strike in Qatar should force Washington to cease enabling regional instability that doesn't serve American interests

Is [Israel](#) becoming the new hegemon of the [Middle East](#)? The answer to this question is an important one.

Preventing the rise of a rival regional [hegemon](#) — a state with a preponderance of military and economic power — in Eurasia has long been a core goal of U.S. foreign policy. During the Cold War, Washington feared Soviet dominion over [Europe](#). Today, U.S. policymakers worry that China's increasingly capable military will crowd the United States out of Asia's lucrative economic markets. The United States has also [acted repeatedly](#) to prevent [close allies in Europe](#) and Asia from becoming military competitors, using promises of U.S. military protection to keep them weak and dependent. ...

The Barricade – September 16, 2025 – The Drone Circus in Poland: From Panic to Self-Parody

How a handful of styrofoam drones triggered hysteria, laughter, calls for massive repression and a national credibility crisis

... Beyond that the picture is astonishingly vague.

Pressed by reporters, government spokespeople including Adam Szłapka, Prime Minister Donald Tusk and Defense Minister Władysław Kosiniak-Kamysz have all admitted they cannot say how many vehicles were involved. Official language hides behind routine caveats about ongoing investigations, but the plain fact is this: if they could give a firm number, they would. They cannot because they simply do not know. ...

At the UN Security Council session, Poland's deputy foreign minister, Marcin Bosacki, presented the case by brandishing a set of blurry photographs that almost instantly became the butt of international jokes. They showed some object with Cyrillic lettering, which was offered as proof of Russia's hand behind the incursion. ...

The UKRAINIAN REVIEW – September 16. 2025 - Defence First: Denmark's Legal Exceptions for Ukraine

The Danish government has decided to repeal several environmental and building regulations to enable the construction of a Ukrainian rocket fuel factory. These measures are temporary, and Ukraine will have to meet requirements step by step under Danish oversight. Denmark has also become the first country to which Ukraine exports its defence technologies for production. This is not the first precedent for this new approach to cooperation: a year ago, Denmark was the first to finance weapons production by Ukrainian companies. ...

ICAN – September 15, 2025 – ICAN Executive Director in Greece emphasises need to strengthen efforts against nuclear weapons

In just three years, 93 municipalities across Greece added their names, representing 3.5 million citizens, more than one third of the national population. For Nikos Stergiou of the Greek branch of World without War or Violence, one of ICAN's partner organisations, the campaign is much more than numbers: it's "*a legacy that continues to inspire us, and re-ignites the transcendent idea of a nuclear-free world.*" ...

... In the end, real leadership doesn't always come from the top, it rises from the cities, the communities, and the people who see nuclear weapons as a problem, and one that can be solved. The growing support for the TPNW, especially in countries where the national government is trying to ignore it, are a demonstration of grassroots leadership to solve the nuclear weapons problem once and for all. ...

SCHEERPOST – September 13, 2025 - Charlie Kirk Refused Netanyahu Funding Offer, Was 'Frightened' by Pro-Israel Forces Before Death, Friend Reveals

Charlie Kirk rejected an offer earlier this year from Israeli Prime Minister Benjamin Netanyahu to arrange a massive new infusion of Zionist money into his Turning Point USA (TPUSA) organization, America's largest conservative youth association, according to a longtime friend of the slain commentator speaking on the condition of anonymity. ...

In the weeks leading up to his September 10 assassination, Kirk had come to loathe the Israeli leader, regarding him as a "bully," the source said. Kirk was disgusted by what he witnessed inside the Trump administration, where Netanyahu sought to personally dictate the president's personnel decisions, and weaponized Israeli assets like billionaire donor Miriam Adelson to keep the White House firmly under its thumb. ...

MRonline – September 13, 2025 – In Gaza, western colonialism has been unmasked

... Two years in, western capitals [still refuse](#) to name as a genocide the mass slaughter carried out by Israel and the famine it has engineered. They are still blind to the tsunami of crimes against humanity committed by Israel over the past 23 months. Even identifying these atrocities as violations of international law has proved a step too far for most.

Western leaders are not about to reverse course.

Like Shakespeare's Macbeth, they are "in blood stepped in so far" they dare not turn back. To do so would be to admit their guilt as co-conspirators in Israel's genocide, for providing the arms, intelligence and diplomatic cover that made it possible. ...

CND – September 9, 2025 - Wages not Weapons: Trade unions overturn support for military spending hikes

British trade unionists, in a very significant vote, have backed a motion overturning previous support for the government's military spending hikes. The Wages not Weapons motion was proposed by the UCU union, with supported by unions include the RMT, NEU, CWU, FBU, and PCS. It was passed by 2,871,000 votes to 2,291,000.

This sends a strong message to the Starmer government to change direction away from its disastrous war drive, and instead to take a new approach that prioritises real common and human security – investing in saving lives not destroying them. ...
