UUSI YDINASEVARUSTELUKILPAILU, LOKAKUU 2025

* Mitä Suomen presidentti, hallitus ja eduskunta tekevät maassa, jossa Urho Kekkonen oli ydinaseriisunnan johtohahmo?

"Urho Kekkonen itse esitti useaan otteeseen Pohjolan muodostamista ydinaseettomaksi vyöhykkeeksi, asiaa, joka edelleen on keskusteluissa ajankohtainen". Savon Sanomat 19.11. 2014

* Viime keskiviikkona presidentti Donald Trump ilmoitti, että Yhdysvallat ryhtyy yli 30 vuoden tauon jälkeen tekemään kokeita ydinaseilla.

"Jos Yhdysvallat jatkaa ydinaseiden testausta, tämä olisi erittäin vaarallista ihmiskunnalle", kirjoittaa Tilman Ruff, Melbournen yliopistosta.

* "Etelä-Korea rakentaa ydinkäyttöisen sukellusveneen Philadelphian telakalla", ilmoitti Donald Trump.

* Ranska päivittää sukellusveneestä laukaistavaa ydinohjustaan, ilmoitti asevoimien ministeriö. Linkit 1, 2 ja 4

ONKO IRLANTI EDELLÄKÄVIJÄ?

* Irlannin juuri valittu presidentti, Catherine Connolly, ottaa kantaa mm. EU:n kasvavaan militarisoitumiseen, tuomitsee "Saksan sotilasteollisen kompleksin" ja jopa vetää rinnastuksia 1930-luvulle. Linkki 9

RUOTSALAINEN KANSANEDUSTAJA KYSEENALAISTAA PUOLUSTUSMINISTERI PÅL JOHNSSONIN TAVOITTEET

* Kansanedustaja Elsa Widding on yksi harvoista poliittisista äänistä, joka suhtautuu erittäin kriittisesti Ruotsin lähes rajattomaan tukeen Ukrainalle ja siihen, miten Ruotsin hallitus kiihdyttää konfliktia rauhan ja diplomatian sijasta. Hän kysyykin mikä motivoi Pål Johnssonin haluamaan ajattelutavan muutokseen väestössä. Linkki 15

NATO KORRUPTION KESKELLÄ

* La Lettre ja sen yhteistyökumppanit ovat tutkineet Naton tuki- ja hankintaviraston tekemiin sopimuksiin osallistuneiden entisten sotilashenkilöiden verkostoja. Tässä kolme tapausta. Linkki 16
1) Liittouman työntekijöiden ja konsulttien epäillään saaneen miljoonien eurojen lahjuksia räjähteiden ja dronejen ostoista.

2) Kreikkalaisen meripolttoaineiden toimittajan johtajat antoivat kirjekuoria, joissa oli käteistä rahaa Naton työntekijälle pyrkiessään voittamaan usean miljoonan euron sopimuksen.

3) Naton tuki- ja hankintavirasto (NSPA) on jo sotkeutunut ennennäkemättömään korruptioskandaaliin ja odottaa paljastavansa lisää epäsäännöllisyyksiä riveissään.

KIINA

* Kiina laajensi harvinaisten maametallien vientivalvontaansa lisäämällä viisi uutta elementtiä ja ylimääräistä valvontaa puolijohteiden käyttäjille.

Valvonnan tiukennus tapahtui ennen presidenttien Donald Trumpin ja Xi Jinpingin välisiä neuvotteluja lokakuun lopussa. Linkki 17

Yahoo News/Australia – October 30, 2025 - If the US resumes nuclear weapons testing, this would be extremely dangerous for humanity

US President Donald Trump has instructed the Pentagon to [resume nuclear weapons testing](#) immediately, "on an equal basis" with other countries' testing programs.

If Trump is referring to the resumption of explosive nuclear testing, this would be an extremely unfortunate, regrettable step by the United States.

It would almost inevitably be followed by tit-for-tat reciprocal announcements by other nuclear-armed states, particularly Russia and China, and cement an accelerating arms race that puts us all in great jeopardy. ...

Trump's decision to allow South Korea to build a nuclear-powered submarine will admit Seoul to a small club of nations possessing such vessels

On Wednesday, Seoul's presidential aide said the two countries had reached a broad deal covering investment and shipbuilding, while Trump said the agreement was "pretty much" finalised.

"I have given them approval to build a Nuclear Powered Submarine, rather than the old fashioned, and far less nimble, diesel powered Submarines that they have now," Trump said on Truth Social Thursday. In a separate post, Trump wrote: *"South Korea will be building its Nuclear Powered Submarine in the Philadelphia Shipyards, right here in the good ol' U.S.A."* ...

Junge Welt – 27. Oktober 2025 - Kriegshysterie im Klassenzimmer

*Bundesinnenminister: Schüler sollen im Unterricht
»Bedrohungsszenarien« diskutieren*

Rund um die Uhr bombardieren Politiker, Funktionäre, Militärs und Konzernjournalisten die deutsche Bevölkerung mit Schreckensnachrichten und Horrorszenarien, um die Milliarden Euros zu rechtfertigen, die in Waffen und allgemeine Kriegsvorbereitung gesteckt werden. Am Sonnabend warf zum Beispiel der ehemalige Generalinspekteur der Bundeswehr, Eberhard Zorn, den von NATO-Propagandisten und -Geheimdienstlern regelmäßig für 2029 herbeigeredeteten »russischen Angriffsplan« eigenhändig über den Haufen: »Es könnte 2026 sein. Es könnte heute abend sein«, behauptete er gegenüber Springers Welt. ...

Laut verschiedenen Umfragen der letzten Tage, etwa der Universität Bielefeld oder von Greenpeace, lehnen trotz medialen Dauerfeuers immer noch bis zu zwei Drittel der jungen Leute die Wiedereinführung eines Zwangs zum Dienst an der Waffe ab. ...

Hier kommt Alexander Dobrindt ins Spiel. Der BRD-Innenminister möchte die Jugend direkt ansprechen, und zwar dort, wo es kein Entkommen gibt: in der Schule. Im Interview mit dem Handelsblatt (Sonntagsausgabe) kündigte der CSU-Mann an, sich bei der nächsten Innenministerkonferenz dafür einsetzen zu wollen, »das Thema Krisenvorsorge in den Schulalltag einzubinden«. Sein Vorschlag sei, »dass in einem Schuljahr in einer Doppelstunde mit älteren Schülern darüber diskutiert wird, welche Bedrohungsszenarien es geben kann und wie man sich darauf vorbereitet«. Denn: Kinder seien »wichtige Wissensträger« in die Familien hinein. ...

EURACTIV – October 26, 2025 - Ireland elects hard-left EU critic Catherine Connolly as next president

Connolly has described the EU as neoliberal and undemocratic, but insists she is "a committed European"

... Connolly has long described the EU as neoliberal and undemocratic and has opposed Ireland's ratification of several EU treaties. Still, she [insists](#) that she is "a committed European".

The president-elect mostly targets what she calls the EU's growing militarisation, [denouncing](#) the "military-industrial complex in Germany" and even drawing parallels with the 1930s.

She [said](#) there were "many things to be worried about with Frau von der Leyen" and accused the Commissioner of standing "shoulder to shoulder" with Israeli Prime Minister Benjamin Netanyahu.

While she "utterly condemned" Hamas as a terrorist organisation, Connolly drew criticism after [saying](#) that the group is still part of Palestinian civil society.
