Geopolitical Economy Report - December 14, 2025 - How the US empire creates chaos to disrupt multipolarity

Amid rising multipolarity, the US empire is facing internal decomposition and seeing its hegemony weakened. Therefore, it has to resort to the blunt use of coercive power, writes Venezuelan diplomat Daniela A. Rodríguez M.

With the return of Donald Trump for his second term, diplomacy increasingly resembles a battlefield, rather than a paved road to cooperation, development, and peace. This is not a problem of one US president, but rather the process of internal decomposition of the US empire, which is seeing its hegemony weakened, and is losing its capacity for influence, the possibility of controlling discourse, and its military supremacy. Therefore, it has to resort to the use of coercive power to try to preserve the geopolitical space it has had until now, because moving toward the globalized world and the world government it proposed at the end of the 20th century does not seem to be an option today. ...

GERMAN-FOREIGN-POLICY.com – December 10, 2025 - Foreign takeovers across Germany

Ever more acquisitions of German companies as foreign investors – Chinese, Indian, Polish, Czech – take advantage of a deep economic crisis and record SME insolvencies.

BERLIN (own report) – The economic crisis in Germany is enabling a growing number of takeovers of German companies by foreign investors. On the one hand, Germany's major corporations are in trouble while, on the other, industry is currently facing a wave of insolvencies above all among once resilient Mittelstand, the small and medium-sized enterprises (SMEs). Just recently, the plastics and chemicals group Covestro became the first DAX-listed company to be swallowed up by a corporation from the Gulf States. Adnoc, from the United Arab Emirates, made its move back in October 2024. Among others, Chinese e-commerce giant JD.com is currently securing a majority stake in German electronics retailer Ceconomy (Media Markt, Saturn). JD.com has taken control in order to compete with Amazon and Alibaba in European markets. Chinese sports brand Anta Sports Products is considering the acquisition of Germany's legacy brand Puma. Meanwhile, talks are continuing about the possible

takeover of ThyssenKrupp Steel Europe (TKSE), Germany's largest steel manufacturer, by the Indian steel giant Jindal Steel International. Czech and Polish investors are also emerging as buyers, particularly for small and medium-sized enterprises. A growing number of German SMEs are threatened with bankruptcy. CBS Lite – December 12, 2025 - At least 12 Palestinians dead or missing in Gaza as devastation from floods spreads

Hundreds of thousands face storm damage as emergency supplies blocked from entering: UN

Hundreds of thousands of displaced Gazans face flooding from heavy rains, and materials for shelters and sandbags are not being allowed to enter the enclave, the UN International Organization for Migration said on Friday.

Torrential rain swept across the Gaza Strip on Thursday, flooding tents sheltering families displaced by two years of war, and leading to the death of a baby girl due to exposure, local health officials said.

A total of 12 people are dead or missing as a result of storm Byron, with at least 13 buildings having collapsed and 27,000 tents flooded, the media office of the Hamas-run Gaza government said.

Nearly 795,000 displaced people are at heightened risk of potentially dangerous flooding in low-lying, rubble-filled areas where families are living in unsafe shelters, the IOM said. Insufficient drainage and waste management also heightened the risk of disease outbreak, the UN agency added. ...

svt – 7.12.2025 - Bildt om USA:s nya säkerhetsplan: Rätt mycket extremistisk sörja

USA målar i landets nya nationella säkerhetsstrategi upp en bild av ett Europa som håller på att falla samman.

I samma dokument sätts målet att sluta klassa Ryssland som ett "direkt hot".

– Det finns rätt så mycket extremistisk sörja i ett övrigt delvis normalt dokument, säger Carl Bildt (M), före detta statsminister och utrikesminister, till SVT Nyheter.

... Bland annat står det att Europa väntar civilisatorisk utplåning på grund av invandring.

– Det speglar vad den mer militanta, Europafientliga, falangen i Trumpadministrationen tycker. Men att de uttrycker det så flagrant och går så långt som de gör här och säger att de ska gå in i den europeiska politiken och stödja extremistiska krafter, det är uppseendeväckande. ...

svt – 6.12.2025 - USA presenterar ny nationell säkerhetsstrategi – här är ändringarna

Europa står inför en "civilisatorisk utplåning" om inte massinvandringen från andra kontinenter stoppas.

Det varnar USA för i en ny nationell säkerhetsstrategi.

– Groteskt överdrivet, säger Jan Hallenberg, expert på amerikansk säkerhetspolitik.

... En av de viktigaste punkterna är att stoppa global massmigration. Europa beskrivs i strategin som en odemokratisk plats, där befolkningen aktivt ersätts av "icke-europeiska" invånare. ...

I strategin står att "om den pågående trenden inte bryts så kommer kontinenten att vara oigenkännlig om 20 år".

Enligt administrationen är det osäkert om vissa europeiska länder kommer att ha tillräckligt starka ekonomier och försvar i framtiden för att fortsätta vara pålitliga allierade till USA. ...

Ett stort fokus för USA är också att uppnå fred i Ukraina.

I Bidens säkerhetsstrategi från 2022 så framhävs Ryssland tydligt som ansvarigt för kriget i Ukraina.

Den nya strategin betonar i stället vikten för USA att återupprätta strategisk stabilitet med Ryssland, medan Europa ses som ett hinder för att ett fredsavtal ska bli till.

Svenska EPOCH TIMES – December 6, 2025 - Är det Ursula von der Leyen som formar Ukrainapolitiken?

Anne-Marie Pålsson, docent vid Lunds universitet, författare och tidigare moderat riksdagsledamot

Alternativa strategier diskuteras inte när det gäller Ukraina. I en demokrati gäller den fria åsiktsbildningen och att fritt kunna uttrycka tankar i ord där uppfattningar måste stötas mot varandra. Det har inte skett gällande Rysslands krig i Ukraina. Snarare finns en ovilja att ta hänsyn till de ryska önskemålen om sin egen säkerhet. Forskare menar att väst också har ett ansvar för kriget.

... I verkligheten synes det snarare vara kommissionens ordförande och dess "höga representant för utrikes frågor och säkerhetspolitik" – Ursula von der Leyen och Kaja Kallas – som formar politiken. Båda utan folkligt mandat. I alla händelser är det dessa som utåt företräder EU och uttalar sig i även mycket känsliga frågor. ...
