Entinen Sveitsin tiedustelu-upseeri, JACQUES BAUD, valittaa EU:n pakotteista. Sveitsin liittovaltion tiedustelupalvelun (FIS) entistä agenttia syytetään Venäjä-mielisen propagandan levittämisestä. Hänen asianajajansa valittavat suoraan EU:n neuvostoon. JACQUES BAUD sanoo mm. "länsimaassa vallitsee niin herkkä ilmapiiri, että jokainen, joka ei ole samaa mieltä valtavirran ajattelusta, on automaattisesti Venäjä-mielinen." *Linkit 2, 5, 7, 8 ja 13*

**SWI swissinfo.co - December 23, 2025 - Initiative to sign Switzerland up to UN nuclear arms ban treaty submitted**

*Citizens will decide whether Switzerland will join the United Nations Treaty on the Prohibition of Nuclear Weapons (TPNW). A citizens' committee submitted more than 135,000 signatures to the Federal Chancellery in Bern on Tuesday.*

Switzerland does not possess nuclear weapons, has no intention of acquiring them and is not involved in nuclear deterrence, so there is no objective reason to stay away from this ban," adds Joris Fricker of the Group for a Switzerland without an Army (GSoA).

According to a recent poll, 72% of Swiss citizens voted in favour of signing up to TPNW. Since its entry into force in 2021, almost 100 countries have signed up to this UN General Assembly document, 74 of which have ratified it. ...

**YouTube/Times Now World – December 20, 2025 - BERLIN RISES AGAINST MERZ: People Explodes Over Berlin's Defence-First Germany | Times Now World**

Thousands of public sector workers staged a massive protest in Berlin against proposed cuts to social infrastructure, accusing the Merz-led government of prioritising defence spending and rearmament over education, culture, and public services. As lawmakers debate the 2026–27 budget, demonstrators argue that austerity is a political choice, pointing to increased military expenditure and tax breaks for the wealthy. Trade unions warn the protests signal growing internal resistance to Germany's defence-first shift, raising questions about social stability and budget priorities under Chancellor Friedrich Merz.

**YouTube/Neutrality Studies – December 20, 2025 - Rule of Law in EU Destroyed, ANYONE Can Be Next | MEP Michael v.d. Schulenburg**

With its sanctions list, the EU HAS quietly revived medieval "outlawry" in the heart of modern Europe. Why can a secretive administrative body bypass every judicial safeguard to financially erase a citizen? Horrible realities are surfacing within the institutions supposedly built to protect our most fundamental liberties. I am joined again by Michael von der Schulenburg, a German parliamentarian in

the EU Parliament, who provides a rare, first-hand account of the unchecked power dynamics currently shifting the continent's legal foundations.

Die Sanktionierung von Jacques Baud, einem ehemaligen Oberst im Generalstab der Schweizer Armee, schlägt in der deutschen Presse Wellen.

Andreas Rosenfelder, Chefkomentator der Welt, sieht die Meinungsfreiheit in Gefahr. «Die EU greift im Windschatten des Ukraine-Konflikts immer tiefer ins Grundrecht auf freie Meinungsäußerung ein», urteilt der Journalist.

Rosenfelder sieht im Vorgehen der EU eine Form der «Zensur» und meint, dass sich sogar ein Wladimir Putin bei der Bekämpfung von «Desinformation» künftig ein Vorbild nehmen könnte an Brüssel. ...

**Drop Site News – December 20, 2025 - Israel Is Preparing for a Permanent Presence in Gaza, Satellite Images Reveal**

*Since the ceasefire, Israel has constructed at least 13 new military outposts inside Gaza, consolidated existing military infrastructure, built roads, and destroyed more Palestinian property.*

Since the so-called ceasefire came into effect in Gaza on October 10, Israel has been consolidating its control of over 50% of Gaza and—according to new research by Forensic Architecture—physically altering the geography of the land. Through a combination of the construction of military infrastructure alongside the destruction of existing buildings, Israel appears to be laying the groundwork to establish a permanent presence in the majority of the Gaza Strip.

Israel has constructed at least 13 new military outposts inside Gaza since the ceasefire—primarily located along the yellow line, in eastern Khan Younis, and near the border with Israel, according to analysis of satellite imagery by Forensic Architecture. ...

**GERMAN-FOREIGN-POLICY.com – December 18, 2025 - "Wages, not Weapons"**

*Interview with Alex Gordon on the growing resistance of British trade unions to the current arms build-up and the threat of war.*

LONDON german-foreign-policy.com spoke with Alex Gordon about the growing resistance of British trade unions to the current arms build-up and the threat of war. Gordon was president of the National Union of Rail, Maritime and Transport Workers (RMT), the largest rail and transport union in the United Kingdom, from 2010 to 2012 and again from 2022 to 2024. He is also a member of the Campaign for Nuclear Disarmament (CND), which has been campaigning against

nuclear armament since its foundation in 1957. At the end of May, RMT and CND published the Alternative Defence Review, a counter-model to the Strategic Defence Review, the British government's central foreign and military policy strategy paper. The Alternative Defence Review has contributed to a change of course among British trade unions, which shortly after the start of the war in Ukraine supported the arms build-up enforced by the government of Prime Minister Boris Johnson. Today, they have taken a clear stand against the diversion of huge amounts of public money away from the workers and towards the arms industry. ...

As a professor at the University of Southeast Norway and a sharp geopolitical analyst, Glenn brings the necessary depth to understand why Europe is seemingly criminalizing objective analysis.
